Dear Dr. Harshim:

I want to thank you again for your generous support of the subgroup specialty meeting "Endothelial cell heterogeneity and organ-specificity" at the ASCB meeting in Denver a[redacted] few weeks ago.

Enclosed please find the abstract booklet that I complied for distribution at the meeting and also a brief conference summary that will be published in the new journal *Endothelium* some time early next spring. As you can see from both the abstract booklet and the conference report, the generous sponsorship of your company is gratefully acknowledged.

Thank you again for interest and generosity.

Sincerely,

Peter I. Lelkes, Ph.D.
